

More Reasons to Smile.

Imagine, no more hiding behind closed-lip smiles. **Clarity™ ADVANCED Ceramic Braces** give you the confidence you need to flash an amazing smile, both during treatment and after.

The translucent ceramic material blends with your teeth and will resist staining and discoloration throughout your treatment. And with its small, low-profile design, Clarity ADVANCED Ceramic Braces are virtually unnoticeable, making them perfect for patients of any age who are looking for the confidence and freedom to smile on any occasion.

The Perfect Choice for The Perfect Smile.

A New Generation of Beauty.

Nothing expresses beauty and confidence like the perfect smile. Introducing **Clarity™ ADVANCED Ceramic Braces** by 3M, a revolutionary system designed to help you unlock the secret to a beautiful, life-changing smile. Through the perfect balance of innovation and design, Clarity ADVANCED Braces deliver the aesthetics you expect, with the benefits your orthodontist trusts.

CLARITY™ | **ADVANCED**
advanced ceramic braces

Performance and Innovation, Developed For You.

- A small and comfortable design featuring rounded corners to reduce irritation and rubbing.
- Translucent material that blends with the color of your teeth, providing virtually unnoticeable treatment and allowing you to smile confidently.
- A unique system that is easily applied and removed by your orthodontist, allowing you to focus on the new you, not the process.

Advanced Smile Technology.
